

## LOGAN ASSAILED BY THE SOLONS

Members of Legislature Royally Entertained at Cache County Capital.

### BANQUET AT THE COLLEGE

VOTES SECURED AGAINST CONSOLIDATION PLAN.

(Special to The Herald.)  
 Logan, Utah, March 2.—The good people of Logan treated the 300 legislators handsomely and, as a result, undoubtedly many votes for the Agricultural college which they are loyally striving to retain. With hardly an exception the solons, after partaking of a bountiful repast, settled at the college by the young women in the domestic science department, and viewing the beautiful grounds and buildings, decided that it would be a serious calamity to the thriving little city to deprive it of the institution which is its chief pride.

Arrived at Noon.

The special over the Oregon Short Line carrying the legislative party left Salt Lake at 8 o'clock this morning and arrived here at noon. At the depot there were 150 conveyances in waiting to take the guests to the college. Arriving there the tour of the buildings was commenced, students in uniform acting as guides. Next came the dinner in the main building.

After the repast, W. S. McCormick of Salt Lake, president of the board of trustees, in a short address declared that the proposition to consolidate the university and Agricultural college was wrong, and he declared that he had perfect confidence in the wisdom of the legislature, believing that body would vote to allow the college to maintain its independence. He read a telegram from Samuel Newhouse, in which the mining magnate said he hoped the college would be left alone. A telegram of regret from Speaker Joseph of the house was also read.

Other Speakers.

Other speakers were President S. H. Love of the senate, Representative F. T. Tolson and Randolph Kuchler, Senator John T. Smith, Dr. A. S. Condon of Ogden and President W. J. Kerr of the college. In the evening the party was entertained at the Logan pavilion by the Cache Valley Commercial club. The return trip began at 10 p. m.

Worked Like a Charm.

Mr. D. N. Walker, editor of that spicy journal, The Enterprise, Louisa, Va., says: "I ran a nail in my foot last week and at once applied Bucklen's Arnica Salve. No inflammation followed. The salve simply healed the wound." Heals every sore, burn and skin disease. Guaranteed at Z. C. M. I. drug department.

## CLERICALS MAKE TROUBLE

Catholic Party Determined to Retain Its Paramount Position in the Reichstag.

Berlin, March 2.—The first week's debate in the new reichstag witnessed the breach between the government and Catholic party, with the result that it is tolerably certain that a long contest is ahead. Chancellor von Buelow is endeavoring to form a government majority in the reichstag without the aid of the clerical centrists, who are determined to embarrass the government in order to reassert their former paramount position and thus compel the chancellor to form a working arrangement with them. The debate indicated a growing intensity of political feeling, which is extending to social relations. The members of the center party at a caucus resolved not to leave their cards at the chancellor's residence, as has been customary, nor to attend any parliamentary reception. To accentuate their personal opposition, they have left their cards at the houses of all the other ministers, and are attending the latter's receptions.

The impression of experienced observers is that Germany is likely to have a period of lively internal politics, which may even lead to another dissolution of the reichstag next fall, as the government, having barely defeated the socialists, may desire another general election and seek to reduce the parliamentary representation of the center party.

## Food Poisons

90 Per Cent of All Diseases the Result of Undigested, Putrefying Foods.

Men of affairs, women of society and children with active brains are too often sedentary in their habits, giving little time to exercise. To this evil is added that of high and irregular living—as a result, the stomach cannot stand the demands made upon it. The abused and overtaxed stomach does not properly do the work of digestion, food taken in ferments and the poison permeates the whole system. The body loses in weight and becomes a prey for the attack of whatever disease it may encounter.

Did it ever occur to you how busy that stomach of yours is? It only holds three pints, but in one year you force it to take in 2,400 pounds of material, digest it and prepare it for assimilation into the blood. No wonder it rebels when overworked. We crowd it with acids and gastritis, irritate its juices with spices and acids, and expect the stomach to do its work. It can't do it.

All over the inner layer of the stomach there are glands which secrete the juices necessary to digestion. The entrance of food into the stomach is the signal for these glands to do their work. The more the food, and the more indigestible, the greater the demand upon them and upon the muscles of the wall adjoining.

Think of the tons of high-seasoned meats, sweetmeats and appetizers consumed into this little four-ounce mill, and then wonder if you will, why you are dizzy or nauseated or constipated. Don't blame your stomach or curse your fate that you should be born so unfortunate. Blame yourself and apply the remedy.

First, get a small package of Stuart's Dyspepsia Tablets, taking one after each meal and at bed time. They are not a laxative, but a digestive. Your stomach is worn out and needs help. Next morning, Stuart's Dyspepsia Tablets will do the work that the stomach fails to do. There's no power in one grain of Stuart's Dyspepsia Tablets to digest 2,400 grains of ordinary food, so you needn't fear that anything you eat will remain in your stomach undigested.

Stuart's Dyspepsia Tablets will rout the poison, because they remove the cause—food fermentation. They are nature's own cure for dyspepsia. The host of troubles dyspepsia is father of cannot be numbered, for a healthy stomach is the source of all health.

Seize your opportunity before worse conditions confront you. Send today for a free trial package of Stuart's Dyspepsia Tablets. They will bring your stomach relief. E. A. Stuart Co., 33 Stuart Bldg., Marshall, Mo.

The 50-cent size for sale at your druggists.

## VICTIMS WERE FOUR TRAINMEN

Two Passenger Trains Come Together at Full Speed in Connecticut.

### FAILED TO OBEY ORDERS

WARRANTS OUT FOR ARREST OF DELINQUENTS.

New Haven, Conn., March 2.—On the evidence presented to him this afternoon, Coroner Mix has made a preliminary finding that Engineer William E. Fisher of the special train, by disobeying orders, is responsible for the wreck on the New York, New Haven & Hartford railroad early today at Waterbury. The special train ran into a regular passenger train from New Haven, resulting in the death of three persons, the probable fatal injury of two national guardsmen and the serious injury of a score of other passengers.

The debris was cleared away this afternoon, and as no trace of Fisher's body was found, the coroner's jury has decided that he jumped from the cab and fled, an order being issued to the police to arrest him.

Waterbury, Conn., March 2.—With an impact of sufficient force to crash the ponderous locomotives together like paper, twist and bend them and topple them from the track down an embankment and into a ditch beside the track, two passenger trains, a regular and a special, met in a head-on collision today on the Naugatuck division of the New York, New Haven & Hartford railroad at Platts Mills, about a mile and a half below this city, resulting in the death of four men, the serious injury of two more and lesser injuries to over a score of others.

Engineer Killed.

The dead were the crews of the two engines. The special was made up of a party of about sixty-five members of company F, Second regiment, Connecticut national guard, known as the Grays, and Governor Woodruff and members of his staff. They had been in attendance at a banquet given in their honor in this city by company A of the same regiment, and were on their way home at the time of the accident. The train left Waterbury at 12:15, and as the regular train was then late, orders were given the special, it is understood, to run to Hillside crossing, there take the siding and wait until the regular was by. The special, however, is said to have run beyond that point, and met the regular at Platts Mills.

Two Seriously Injured.

The most seriously injured of the passengers were:

Fred C. Russell of New Haven, a private in company C; O. E. Champlin, musician, of New Haven. Both received internal hurts.

By order of Coroner Mix, it is understood, warrants are being prepared for the arrest of Conductor George Eaton, who was in charge of the special train, and Engineer William Fisher, of the special. It was supposed that Fisher was killed, but as the wreckage is being cleared away no trace of his body has been found, and the belief is growing that he jumped from the engine cab and fled. His name, however, remains in the list of dead as made up.

## ARGUMENTS NEXT MONTH

Commerce Commission in Doubt as to Whether to Apply Stomach Pump to Harriman.

Washington, March 2.—The interstate commerce commission today gave some attention to the contemplated mandamus proceedings requiring E. H. Harriman to answer certain questions to which he declined to reply during the investigation into the Harriman roads in New York. Frank B. Kellogg, one of the special counsel who assisted in the inquiry, told the commission that he wanted some further time to examine the law before action is taken. A decision in the matter was therefore postponed.

Counsel for the Harriman interests have requested the commission to hear arguments before a report of the inquiry is completed. This will be granted and the debate heard early in April. The question of submitting the testimony to the department of justice to determine whether it warrants proceedings under the Sherman anti-trust law will be determined later.

## COMMISSION IS PROPOSED

Improvement of Rivers and Harbors to Be Investigated During the Summer Months.

Washington, March 2.—A bill for the creation of a committee to consider and recommend legislation for the improvement of rivers and harbors was favorably reported today by the house committee on rivers and harbors.

The measure was framed by Representative Burton. Nine members are to make up the proposed commission. Three are to be members of the senate, to be designated by the vice president; three are to be representatives named by the speaker; and three are to be men versed in transportation questions to be named by the president. The commission is to make a complete investigation and report to congress at the first day of the next session what further action is desirable for the improvement of rivers and harbors. It is also provided by the bill that a report shall be made to the "conservation of water power as an aid to the preservation of works in aid of navigation."

## TROOPS AT TRIAL

Frankfort, Ky., March 2.—Governor Beckham has determined to send troops to Jackson market during a trial of James Hargis, charged with the Cox murder. Special Judge Carnes will, Thursday morning, be accompanied by a detachment of troops from the Frankfort battery and a Lexington company of the militia.

## PLEADED NOT GUILTY.

Denver, March 2.—Benjamin Wright pleaded not guilty in the criminal court today to the charge of having murdered his wife and daughter, who died of poisoning last Sunday night. Wright has repudiated the confession which he made to Chief of Police Michael Delaney and says it was given under duress. Wright was examined today by three alienists, two for the prosecution and one for the defense.

## COMPLEXION HANDS AND HAIR

Preserved, Purified, and Beautified by

### Cuticura SOAP

For preserving, purifying, and beautifying the skin, scalp, hair, and hands, for irritations of the skin, wind rashes, chappings, redness and roughness, for lameness and soreness incidental to outdoor sports, for sanative antiseptic cleansing, and for all the purposes of the toilet and bath, Cuticura Soap, assisted by Cuticura Ointment, is priceless.

Sold throughout the world. Depots: London, 27, Chancery Lane; Paris, 10, Rue de la Harpe; Australia, 10, Towns & Co., Sydney; Boston, U. S. A., 137 Columbus Ave.; Portland, 10, Commercial St.; Seattle, 10, 1st Ave.; San Francisco, 10, 1st Ave.; St. Louis, 10, 1st Ave.; New York, 10, 1st Ave.

## TO EXPLOIT ELY CAMP

F. H. Adams Comes to Salt Lake to Get Out Booklet—New Stock Exchange.

F. H. Adams, one of Tex Rickard's right-hand men, was in Salt Lake yesterday preparing to get out an illustrated booklet, exploiting the Ely camp. The proposition is backed by the business men of Ely.

Mr. Adams said the reports of a pneumonia outbreak at Ely are overdrawn, and that the fatal cases were men who failed to take proper care of themselves.

Mr. Adams received a telegraphic report from W. W. Vail, who was employed by Rickard to make an examination of the camp, and who reported it the equal of Butte in copper resources.

The Ely stock exchange will open April 1.

## FUN COST HIM \$100.

Minneapolis Man Scattered Pepper in Los Angeles Theatre.

Los Angeles, March 2.—C. S. Willis, a guest at the Alexandria hotel, who stated that he is vice president of the Lung Bath Manufacturing company of Minneapolis, Minn., last night distributed a copious quantity of pepper in the Burbank theatre, causing a widespread epidemic of sneezing among the audience, nearly stopping the performance, and today he pleaded guilty in police court and was given \$100 or 100 days. Willis selected the former and paid it.

The whole audience was convulsed last night with violent sneezing, following Willis' little prank, and upwards of 100 people left the house. The players on the stage were also affected and the performance nearly suppressed. The management caused the arrest of Willis, who said that he only intended a joke.

## METEOROLOGICAL REPORT.

Yesterday's Record at the Local Office of the Weather Bureau.

Maximum temperature, 45 degrees; minimum temperature, 33 degrees; mean temperature 42 degrees, which is 5 degrees above normal. Accumulated excess of temperature since the first of the month, 10 degrees; accumulated excess of precipitation since Jan. 1, 3.39 degrees. Relative humidity, 62 at 6 p. m. Total precipitation from 6 p. m. to 6 p. m., .36 inches; accumulated excess of precipitation since the first of the month, 34 inches; accumulated excess of precipitation since Jan. 1, 2.72 inches.

## COFFEE THRESHED HER

15 Long Years.

"For over fifteen years," writes a patient, hopeful little ill woman, "while a coffee drinker, I suffered from Spinal Irritation and Nervous trouble. I was treated by good physicians, but did not get much relief."

"I never suspected it might be aggravated and discouraged, but prayed daily that I might find something to help me. Several years ago, while at a friend's house, I drank a cup of Postum and thought I had never tasted anything more delicious."

"From that time on I used Postum instead of Coffee, and soon began to improve in health, so that now I can walk half a dozen blocks or more with ease, and do many other things that I never thought I would be able to do again in this world."

"My appetite is good, I sleep well and find life is worth living. Indeed, a lady of my acquaintance said she did not like Postum, it was so weak and tasteless."

"I explained to her the difference when it is made right—boiled according to directions. She was glad to know this, because coffee did not agree with her. Now her folks say they expect to use Postum the rest of their lives."

Name given by Postum Co., Battle Creek, Mich. Read the little book, "The Road to Wellville," in pkgs. "There's a reason."

## It May Be Hardly Advisable

To change your Winter for Spring Clothes yet. But we have our Spring line of Clothing in and open for your inspection, and they are beyond a doubt the CLEANEST, PRETTIEST and most NOBBY patterns that it has been our good pleasure of seeing. And when you see that they are labeled ALFRED BENJAMIN & CO., makers, New York, is a sufficient guarantee as to their correct style and fit.

SOLE DISTRIBUTORS FOR SALT LAKE

### Poulton, Madsen, Owen Co.

111-113 Main Street. "Where the Clothes Fit."

## WHY

Does your hot water bottle leak? Because you have bought from an old stock of rubber goods, or have bought an inferior article. We always keep a fresh stock on hand, and guarantee every article.

On the "Neverleak" brand we will give you a two years' guarantee.

We carry a complete line of Fountain Syringes, Hot Water Bottles, Ice Bags, etc.

### Godbe-Pitts Drug Co.

Open All Night.

## Fisher Beer

### AND THE PURE FOOD LAW

There has been no clash between the manufacturers of Fisher Beer and the pure food law. While the new law affects nearly every producer of food or drink, it does not affect this brewery, because Fisher Beer is and always was absolutely pure.

Extreme care is used in arriving at the limit of cleanliness in the brewing process. The materials used are the purest and best obtainable and are blended into a beer mild beyond criticism and rich beyond comparison.

Why not give our beer a trial?
